on

Finland MFA – Fund for Local Cooperation (FLC) / Embassy of Finland
 FLC project in Tajikistan – digital skills training (Istaravshan); 2nd tranche reporting & continuation FUNDED – agreement signed Dec 2023; 2nd tranche disbursed; continuation discussion open (Jan 2025) YES – HIGH Send Q1 2026 update + concept for FLC 2026 cycle. Confirm visit to Istaravshan with Heini. 30 Very strong fit – prioritize soon

OSCE + Re-skill (DonishGo)

DonishGo – empowering youth & women in Tajikistan (joint programme)

FUNDED / launched – active partnership YES – HIGH

Send

DonishGo impact snapshot to OSCE PoC; explore Phase 2 funding for 2026.

27 Very strong fit – prioritize soon

UNICEF Tajikistan Program

me Document (PCA) – Digital skills / TVET for youth & women (Bokhtar + Istaravshan expansion); PD for 2025 + budget FUNDED previously (signed PCA); 2025 PD under UNICEF/TVET Committee review YES – HIGH

Follow up on 2025 PD status with Firuz; share latest enrollment KPIs to push approval. 26 Very strong fit – prioritize soon

WFP Tajikistan + KOICA (Korean project)

Korean project proposal – vocational/digital skills concept

POSITIVE BUT STALLED – concept under review by WFP/KOICA; no decision recorded YES – HIGH Polite follow-up to Charles + Yeon; offer to revise concept based on KOICA priorities. 26 Very strong fit – prioritize soon

Eurasia Foundation (USAID-funded, SICA programme)

Грант Фонда Евразии – community/youth grant (SICA Amendment Agreement PO Ilmhona) FUNDED – agreement signed; amendment executed Jul 2023 YES – HIGH

Re-engage with Umed: pitch 2026 follow-on grant under new SICA/USAID Central Asia line.

25 Very strong fit – prioritize soon

GIZ Tajikistan

Digital Innovation Center Khujand – concept note (DIC Khujand) POSITIVE BUT STALLED – GIZ said "project directors had different priorities"; door not closed YES – MEDIUM Q2 2026 check-in with Andreas: ask if DIC priorities have shifted; offer revised lighter concept. 19 Strong fit – worth follow-up

Asian Development Bank – ISTEMP (via ANKON consortium, Turkey)

ADB-ISTEMP – implementing partner registration (Skills Training & Education for Modernizing Project) REGISTERED as implementing partner; awaiting work-package call YES – MEDIUM

Ping Valerie/Damla on ISTEMP rollout schedule; signal capacity for Khatlon & Sughd packages. 18 Strong fit – worth follow-up

TIKA (Turkish Cooperation & Coordination Agency)

Demo Day TIKA – supported programme (likely past funded cohort)

Likely PAST FUNDER (Demo Day hosted); no live application thread in inbox YES – MEDIUM Cold-warm email to TIKA Dushanbe: share Demo Day outcomes + pitch 2026 cohort proposal. 18 Strong fit – worth follow-up

Government of Canada – Canada Fund for Local Initiatives (CFLI) 2025

CFLI 2025 Tajikistan application – digital skills for women/youth

APPLIED – no outcome captured in inbox YES – MEDIUM

Email Abyl

aikhon to confirm CFLI 2025 outcome and CFLI 2026 timeline / eligibility.

17 Moderate fit – monitor or research more

IOM Tajikistan

Concept note (template received Mar 2025); Bokhtar courses – Digital Literacy, Digital Freelance, etc.

ENGAGED – IOM template received but full concept not yet submitted in inbox

YES – MEDIUM Submit IOM concept note using their March 2025 template; introduce yourself to Anne's successor.

14 Moderate fit – monitor or research more

USAID Tajikistan (Coalition of Employers visit)

USAID donor visit + employer coalition introduction

WARM CONTACT – no formal application on file YES – LOW

Identify current

USAID/CA contact (post-2025 reorg) and pitch a workforce-development LOI.

14 Moderate fit – monitor or research more
